Work Experience

6/99– 8/99 *National Center for Toxicological Research (NCTR)*, Jefferson, AR
Completed design and cost analysis of boiler installation project.
The project required using CAD drawings and a full cost estimate. A
technical presentation was given at the end of the summer to report on work
progress/completion.

6/98–8/98 *National Center for Toxicological Research (NCTR)*, Jefferson, AR
Initiated project for pre-packaged boiler installation. Verified
specifications on equipment needed for installation purposes. Several
HVAC application designs were completed. A technical presentation was
given at the end on the summer to report on work progress.

5/96–11/97 *Harbor Oaks Golf Club*, Pine Bluff, AR
Worked as a greens-keeper's assistant doing major duties of operating
heavy equipment and mowers. Involved with irrigation repair and timer
control. Responsible for various chemical applications on various regions
throughout the course.
